About This Game

You have the freedom to choose your path!

You are a Special Agent. Equipped with state of the art weapons and equipment, you operate in absolute secrecy as a lone wolf far beyond enemy lines.

Your task: Gain back control of a satellite equipped with nuclear missiles captured by Soviet separatists.

Think your way in, observe your enemies, sneak into their base and complete your objective. You have total freedom to choose your path - guns blazing or silent assassin - it's your choice! Beyond Enemy Lines is an unforgiving, intense experience where skill and tactical decisions matter!

Oldschool Hardcore

Beyond Enemy Lines is a true PC Hardcore Tactical Shooter. No Aim-Assistance, no unnecessary tooltips, no restrictions!
Learn to control the recoil, read the terrain and adapt your tactics - Beyond Enemy Lines is an unforgiving, intense experience where skill and tactical decisions matter!

Smart AI System

An unforgiving, new generation of combat AI. Beyond Enemy Lines features an independent-minded AI, meaning that each enemy operates without pre-scripted behavior. All enemies react dynamically to each threat, and decide their tactics based on a new, innovative moral system. You'll never know what they'll do next or where they are patrolling. They will communicate, organize and sneak up on you, so be ready to face them!

Advanced Fighting Mechanics

You will fight with various weapons against a numerically superior enemy. Make sure to use all available tactical elements and gadgets to decide the struggle in your favor.
Use your knife, a silenced pistol, the map computer or even a whistle to distract guards and strike from the shadows. Or grab an assault rifle and a shotgun and go the offensive way!

Unlimited Solution System

All missions are designed in an open way. There are thousands of routes, so make use of your equipment to find the most efficient way of completing your mission!

Noise Calculation System

Beyond Enemy Lines utilizes a movement based noise calculation system. Each move or action will result in a noise with a different intensity, calculated from your movement.
Act carefully, the enemy will hear you!

Content

Beyond Enemy Lines offers an eight missions long campaign and two special standalone missions, with a combined average playtime of 10-15h on the first playtrough. Operation: Arctic Hawk, the first DLC adds an additional 4 mission long campaign. Size the release three additional new standalone missions, each with an average playtime of 1h, where released for free. Several more will be added in the coming months.

Replayability

Beyond Enemy Lines is a hardcore tactical shooter and specifically designed to be replayed numerous times. There are no savegames while in a mission, so beating the game becomes a real challenge. It takes patience and dedication to beat this game, which makes it stand out among casual titles that are so prevalent in current times. Expect your raw skill to be tested in an unforgiving way!

This game is NOT even half complete, its a poor imitation of Ground Branch and other tactical fps of the early millennium, teeming with\u2665\u2665\u2665\u2665\u2665\u2665aweful gunplay, lacklustre maps and horrendous frame lags. Is as note worthy as a spec of square dirt on a window.
